# BOARD of EDUCATION

We would like to acknowledge the fine work of the Board of Education. Under their direction, we have achieved our preeminent position among the schools of New York State. The staff and the student body salute Mr. Vincent Weidman, President, Mr. Paul Seehausen, Vice-President, Lewis Ford, Robert Fowlston, Robert Rogers, Barbara Whittaker, Clerk, and Mr. Richard Heller, District Principal.

## DISTRICT PRINCIPAL

Mr. Heller

Doctor Matt G. Boname, long active in this community and school district, is honored by the health suite in the Primary School. The equipment, with which he is seated, represents a tribute to our friend "Dr. Boname."

## CLASS OF '73

The class of '73 as Freshmen elected: Terry Race, President; Joanne Quinn, VP; Ann Lewis, Secretary; and Joe McGill, Treasurer. We also had two bake sales and a slave day.

As Sophomores, we elected: Linda Burdick, President; Debbie McKenzie, VP; Diane Potter, Secretary; and Ann Lewis, Treasurer. We built our treasury by selling planners, bake sales, dances, and a hayride.

At the beginning of our Junior Year, we elected Mark Tompkins, President; Joanne Quinn, VP; Diane Potter, Secretary; and Ann Lewis, Treasurer. We held our Prom on May 20, 1972. Stella Stratton, escorted by Steve Ohl, was crowned Queen of, "Days of Wine and Roses".

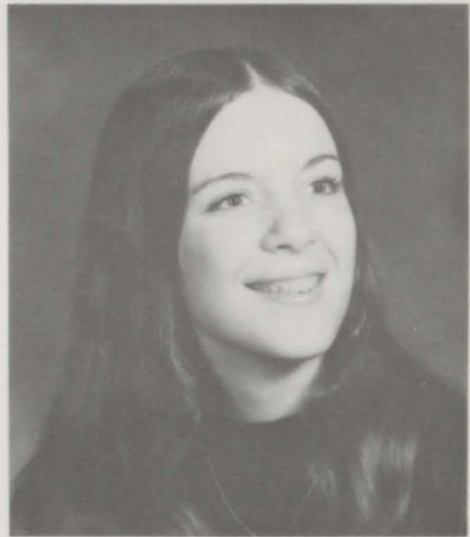

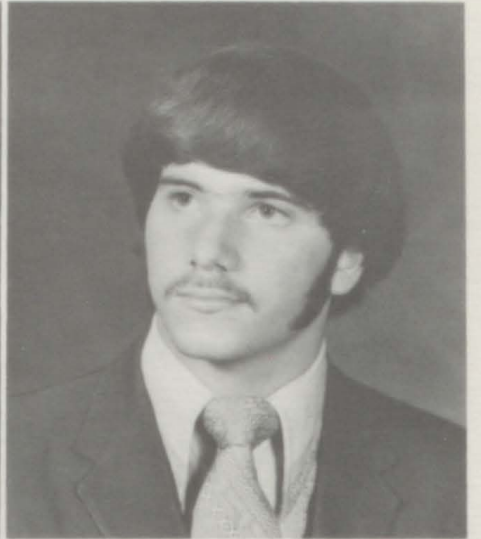

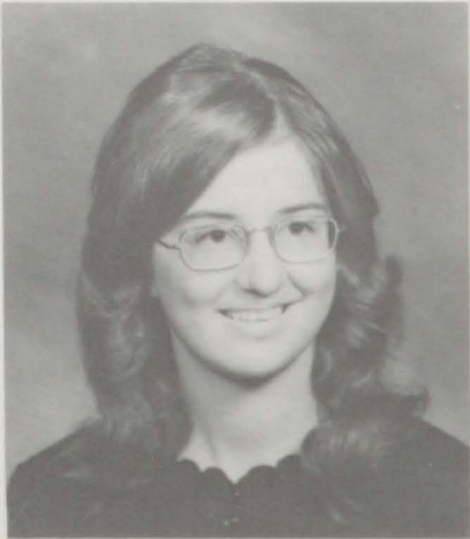

Our magazine sale, which was a great success grossed over 1200 dollars with Paula Shapley as overall high salesman.

As Seniors we feel we have been a very successful class. We elected our final class officers, choosing Joanne Quinn, President; Teena Whittaker, VP; Diane Potter, Secretary; and Ann Lewis, Treasurer.

We held our Homecoming "Harvest" in November of '72. Joanne Quinn, escorted by Rob Whittaker, was chosen Queen. Our senior play CURTAINS GOING UP was a SMASHING SUCCESS thanks to Miss Gregory and Miss Freeman who directed it.

Throughout the remainder of the year a senior trip is planned to a resort area and our annual class dance will be held in March. As the year came to an end we chose our class song, Anticipation; our flower, Poppy; mascot, Art's Volkswagen; and motto, "Oh, Lord, what has started these animals."

As we leave, we wish the "best of luck" to all the classes that follow.

## IN APPRECIATION TO . . .

Curtis Leo Cobb

To some, realizing that you could not play high school athletics would be a good excuse to feel sorry for yourself, but having to live with physical pain because of a handicap often leads to resentment of life and results in a useless existence. Curtis Leo Cobb did not choose either of these feelings. To Curt, life was very worthwhile and if he searched, he could find a way to be valuable to his fellow man.

As a freshman, Curt took the Cramer Student Trainer course and from that point on handled all athletic injuries, taping, and ordering of supplies. His reward is the respect and appreciation of all the athletes in the school. However, this did not satisfy Curt's desire to be helpful. He also took the responsibilities of head manager for all sports seasons and took charge of uniforms, practice gear, assistant managers and home and away game preparations. Probably only the coaches really know how valuable his assistance to the overall athletic program has been for the past four years.

Many coaches testify that it is a great feeling knowing that you can trust and depend on someone to handle responsibility. For the Oxford coaches, it was much more, for when one asked Curt to do something, his reply would usually be "we have already taken care of that". No one has spent more of his time or contributed more of himself to helping others than Curt. No one has set a better example for others to follow than Curt Leo Cobb.

So to Curt — trainer, manager, assistant coach, helper and friend, we say "thanks" in the best way we know how by giving him the admiration, respect, and appreciation he has earned so well. "Everyone will miss you and hopes that your life will be filled with the joy and satisfaction that you have given to others."

# EXCHANGE STUDENTS

Dorte Ring

My impression of Oxford is that there couldn't be any place else in the world where people are more friendly and helpful.

I come from a town where there are 360 people, so I had to go to another town to attend school.

My father has a Bachelor of Science in Agriculture, my mother teaches macrame in the evenings for high school kids. I have one brother who is 14 years old. I can't see many differences between Americans and Danes, but I think the Danes are more serious than the Americans. It took me several months to determine when the kids were serious and when they were kidding. I think it is great to be an exchange student, and wish more people could get the opportunity. Oxford is a beautiful place, and I hope that Oxford and its people are as fortunate as I was in coming here.

-DORTHE

My high school is the largest in the state with just over 2,000 students. I am in the 6th form or the senior year and do 30 hours of classwork a week. My subjects are Math, Chemistry, Ancient History, Modern History, and English. Everyone here has to wear a school uniform and that took some getting used to. The girls wear a blue skirt and white blouse, while the boys wear gray slacks, white shirt, and tie. There are no sports teams at the school and no music or gym classes either. All sports are done on the club level. The most popular being: tennis, cricket, and the Australian rules football. I've found the system here much different, but very interesting.

I have found the people very friendly and helpful. Everyone goes out of their way to see that I'm getting the best. I've seen Mark Goedecke and Kevin Meade; both send their regards.

This year has been both educational and rewarding. Rotary has certainly given students the chance of a life time. Right now I can't think of a thing I'd rather be doing; so believe me, if you're ever given this opportunity and I know some of you will, think twice before you refuse. This is one year you won't want to miss. See you in July.

WENDY

Fatima De Souza is our exchange student from Sao Jose do Rio Preto, Sao Paulo, Brazil.

She is a high school graduate and intends to go to college. Among her interests are volleyball, football, Brazilian soccer, and waterskiing.

She also taught young children and intends to major in Education.

Fatima has four brothers, one of which has a farm and a law degree. Her other brothers are still in school.

She has said that she has found people here very friendly; and likes our school lunches. She is also looking forward to snow mobiling and skiing.

We all hope her year here is a happy and successful one.
