Why did you become an exchange student?

"Because I wanted to learn a new language, culture, and customs."

What is the biggest change you have encountered?

"The weather was the biggest thing. I was excited to see snow because I have never seen it before."

What do you like the most about Oxford?

"I like my host families and all the new friends I have made."

Why did you choose the U.S.A?

"I didn't choose the U.S.A, my first choice was Switzerland and my Rotary Club told me U.S.A. I am very happy to be here though."

New High School

Math: Matt Dorman

I was selected to replace former High School Math teacher Tiffny Dumian. I graduated from SUNY Oneonta with a Bachelor's Degree in Adolescence Education: Mathematics and am currently working on my Master's Degree.

Outside of the classroom I have helped with both the boy's soccer and basketball teams. Prior to Oxford I worked as a substitute and coach at Unatego High School. I have greatly enjoyed my time at Oxford so far and look forward to continuing my work with students in the community.

English: Jerome Degan

I received an MA in English literature and an MAT in English education from SUNY Cortland following my undergraduate degree at SUNY Brockport. For four years I taught Iroquois history and culture at the Farmer's Museum in Cooperstown.

I enjoy historical novels and films, and I'm especially interested in New York State history around the time of the American Revolution and the local author James Fenimore Cooper. I live in Greene with my wife, Erin, and daughter, Ethne.

Spanish: Sarah Palmer

As an Oxford graduate, I am very excited to be working in my home town. After graduating from high school I went to France as a Rotary Exchange Student. I attended Plattsburgh State from 2001-2005 and obtained a Bachelor's Degree in Spanish Education and a minor in French. I also spent one semester studying Spanish in Costa Rica.

After graduating in 2005 I moved back home and have spent the past three years working as a Spanish teacher at B.G. Middle School. I am currently working to receive my Master's Degree from SUNY Cortland. I'm looking forward to working in the same community I grew up in.

Teachers/Faculty

Special Ed.: Karen Swayer

I'm so excited and grateful to have the opportunity to teach at such a positive and supportive school. I have found both faculty and students here to be very welcoming!

I graduated with a BA in American Studies and a dual certification in Elementary and Special Education from Nazareth College in May of 2000. I received my MS in Literacy Ed. from SUNY Oneonta in the spring of 2005.

This is my ninth year of teaching. I have previously taught at the Norwich and Williamson School Districts. I currently live in Morris with my husband John and two children, Hannah and Carter.

Earth Science: Pam White

I earned my Bachelor's Degree in Earth Science at Penn State and my Master's in Geology and teaching certification at the University of Texas at Arlington. While in Texas I taught a few years as well as worked as an exploration geologist for Mobile Oil.

After relocating to New York I taught at Chenango Forks but now I am very excited to have joined the wonderful faculty at Oxford Academy.

Art: Jonie Eaton

I was thrilled to be hired at Oxford High School as an art teacher. I grew up by the ocean in Florida. I attended Brevard College in Cocoa, Florida and Clatsop College in Astoria, Oregon. I began my teaching career in Evergreen, Colorado where I was an Art and Swimming instructor. After moving to NY in 1979, I attained my BA in Art Education from Elmira College and I am presently working on two Master's, one in Art Therapy and the other in Advanced Painting at Marywood University.

Outside of school I own an art gallery and frame shop in Greene's Historic Train Station, where I also give art lessons. I love to swim, kyack, hike, and travel. I have two children, Ben is 22 and Sarah is 21. Oxford is truly outstanding with the District's commitment to the students, the staff's professionalism and everyone's friendliness!

Teachers That Have Left

Mrs. Graves

"When I was first hired at Oxford High School, I was part teacher and part aide. One of my fondest memories was as an aide in Tom McNamara's Horticulture/Ag. Class when we all made Christmas wreaths and trained two llamas, Snickers and his companion. Another fond memory was as a class advisor building benches, trees, and a huge Eiffel

Tower from a cardboard kit for the 2005 Junior Prom. It was a beautiful prom. Of course my fondest memories are of a job I loved, working with teenagers everyday. I saw them building their academic skills and becoming more successful as they read more difficult passages, wrote longer essays and research papers and solved more difficult math problems. At the same time, they were building career skills for jobs that would make their lives successful. Then in June, graduation days were always important events for us all.

"I am proud of the way this team competed. There were times when they could have given up but they didn't!"

- Head Coach Christie

"Despite an uncharacteristic record for Blackhawks football, one must not be fooled by numbers. Oxford had one of the most dominant defensive players in New York State in 3-year man Travis Frank. Frank, in his final season as a Blackhawk, tallied 114 tackles, 15th in the entire state. The most revealing and telling story from 2008, apart from Frank's remarkable season, is the abundance of youth on this year's varsity squad. With more than 10 roster players lacking substantial varsity experience, many players were forced to step into unfamiliar roles to contribute to the team's desired success. This young talent is something that 2nd year Head Coach Mike Christie is excited about, in that, "Although senior leadership was thin, these young guys were willing to put forth the effort and work hard on and off the field". Looking forward, Oxford will be returning key positional starters like sophomore John Wonka at quarterback, junior Jeremy Nelson at wide-out, and junior Spencer Brown on the line as they look to hit the peaks of their high school athletic careers and provide needed leadership and experience to next year's team." -CAC

This year's season can simply be characterized as a desire to compete and a quest to win. Low numbers at the J.V. level forced many young players to rise to the challenge and make the best of their opportunity to compete at the Varsity level. Despite the lack of veterans and mass experience, the chemistry within the team exemplified a form of discipline and teamwork that is hard to find. What was the key to such comraderie? The 'o8 season featured a set of two new core coaches, Mr. Dorman and Mr. Rogers, each of which brought new elements to the team's performance. Their inspiration both on and off the field motivated the varsity squad to perform at their highest level and have a successful season; the true outcome of great leadership! -CAC

For the '09 J.V. Boys' Basketball team, rough beginnings brought valuable experience to a squad that went on to go undefeated in the MAC Division II and finish with an overall record of 13-7. As yet another young team in Oxford athletics, it was very clear that there were some distinct growing pains early on. With a new head coach in Jim Champlin, as well as the addition of many new faces, it took some time before the team was able to mesh and achieve success on the court. Ending the season on a 12 game winning streak, including a 10- game sweep of the MAC's Division II, the J.V. Blackhawks proved that they too may have their shot at the MAC Title in the coming years. Although they have big shoes to fill, the team surely has the tools and potential to bring future success to the program. -CAC

Although last year's remarkable season is surely among the greatest in Oxford basketball history, the '09 Blackhawks made yet another bid at greatness that will surely last forever! Led by 6' 5", 3-year varsity player Craig Champlin and his more than 20 ppg as well as co-captain senior forward Tom Gould and junior point guard Cory Seiler, the '09 squad avenged its lone Class C loss of the season by defeating Sidney and winning the MAC League Championship for the first time in school history finding itself with a 17-3 record entering the Section IV Class C playoffs as a #4 seed. Mastering its 1st round and quarterfinal games against visiting Tioga(#13) and Walton(#5), the team was tested by a semifinal road game against the #1 seeded Indians of Groton. The Blackhawks emerged victorious and headed to the Broome County Arena in Binghamton for the second straight season, but this year, the Blackhawks would not be denied. The team beat Odessa-Montour(#6) 50-43 to claim the school's first sectional title since the 1970 season whose memory was alone among the rafters of the High School gymnasium until now. Some say that it was luck and others will tell you that it was destiny, but if you ask any of the members of the 2009 Sectional Championship squad, they will surely tell you that it was all business on the road to Bannering Up!

Perfection for this year's J.V. Girls Basketball team was so close, but, with defeat comes greater focus and motivation to win. The team's success on the court can clearly be depicted by their 18-2 record. The team was highly successful against MAC league competition compiling a record of 14-2, both losses coming to MAC Division II rival Hancock. Outside of league play, the J.V. Lady Blackhawks won championships in the Edmeston and the Norwich PennySaver Tournaments, both very remarkable achievements. Under 1st-year head coach, Ms. Becky Heiss, the team started from the ground up with a deep roster and an abundance of youth, making a clear statement that in the coming years, this team should be a dominant force in Section 4 hoops. -CAC

The Varsity Lady Blackhawks had a season of highs and lows under 3rd year head coach Chris Palmer, one which saw victories over rival B.G. and MAC Champion Harpursville as well as several heartbreaking losses that simply slipped away. If you were to expect anything of the team night in and night out it was disciplined, in-your-face man-4-man defense. With one of the top 10 defenses in all of Section 4, the Lady Blackhawks were committed to coach Palmer's defensive preaching throughout the season. Returning next season are two leading scorers in sophomore Haley Witchella and junior Alyshia Crawford who look to improve upon the team's offensive potential while sustaining a defensive mindset and a positive outlook on next season.

Sophomore Ryan Shepler drives in an RBI with a line drive to right-center against visiting Delhi.

As probably the youngest team among all of Oxford's junior varsity athletics for 2008-2009, the challenge for head coach Jim Champlin and this year's J.V. Baseball team could not have been greater! With only one sophomore on the entire squad in Ryan Shepler, the team had hardly the experience or numbers to be a dominant force in MAC play. As coach Champlin's philosophy proves, you have to start somewhere, and since there was so much left to be learned by his young team, he had to start from the ground up. It was very clear watching the team perform that, even with all of the tangibles excluded, the team lacked confidence in their abilities. The only way to change such a mentality is through hard-work and experience because in athletics and in the real world, winning doesn't come easy!

This year's 2009 Varsity Baseball team has the potential to be a well-rounded ball club if the right pieces fall into place. With many of the right tools at their disposal, the team has both very strong pitching and an offensive attack that can be displayed on any given day. Much work is yet to be done to fine tune these attributes, especially concerning personnel placement on defense, but Head Coach Palmer is confident that as the season progresses, the team will have the opportunity to be very competitive in MAC play. They are led by a core of seniors like returning ace, P.J. Hubman on the mound, key offensive players like Tom Gould and Eddie Grundner at the plate, as well as strong defensive utilities like Brett Trask at shortstop and John "Creep" Corbett in the outfield. They all look to continue the previous four winning seasons with a fifth! -CAC

SOFTBALL

To feed this new line of softball talent that seems to be streaming up the pipeline, there has to be talented youth located somewhere. The newfound success of the Oxford Softball program can be contributed to the abundance of young talent, most of which is stemming from the J.V. level. Both coach Pizza and Barrows would agree that the work that these girls have done in the off-season is the most convincing cause of this new success. The 2009 Varsity Softball season is one that Head Coach Margo Barrows has been waiting for since she took over the position 10 years ago. She made it very clear that the tide has turned on the program, and for the better. Sporting a short-handed lineup in past seasons, this year's team is one that goes deep in every position with key returning seniors like Marlena Frank, the squad's power slugger, and the Farwell twins who are both solid in the field. Although the roster appears young, the team is very experienced after last year and has very promising 'up-and-comers' like freshmen Jackie Heggie who threw the school's first no-hitter in a 28-0 romp of Delhi. The team certainly has high aspirations that may very well become a reality in the immediate or near future. -CAC

The 2009 season for Varsity Boys Tennis is one that is seeing the return of several players from last year's squad. Although the team lost several seniors last season, new, younger players have stepped into their own roles on the court. "Indoor practices just aren't the same," head coach Lance Thorne said, "but I am hopeful that the team stays focused!" I loved Boys State. Sure you hear stories before you go about how mean the drill sergeants are but truthfully, it isn't as bad as it sounds. Attending the West Point Leaders Seminar two weeks prior was about as rough as it gets so, for me, I knew I was going to be able to handle the early mornings, the long days, the PT, and the speeches!

For anyone even remotely interested in the functions of our government, this week-long program is a great way to really discover how our country is run."

I enjoyed my experience at RYLA this summer. I made a lot of good friends and truly learned what it means to be a leader in the community. It was definitely a life changing experience for me. Anyone looking for a great week-long experience that is both fun and informative, RYLA is for you!"

Robin R. Wonka, Senior

NYLC was an experience I will never forget! I learned so many things about the workings of our government firsthand in our nation's capital and made many friends. It was so cool meeting so many powerful figures in American politics like Congressman Arcuri, Senator Clinton, and Senator Schumer; truly a once in a lifetime ordeal."

Dinner + B-Sens

Justin sitting with
Creeper at the
Hibachi Grill!

This year, the Oxford Multi-Cultural Club teamed up with the Outing Club for a night of fine cuisine and sports action. The club traveled to Binghamton, NY for a gourmet Japanese dinner at the Hibachi Grill on the Vestal Pkwy followed by the intense action of a B-Sens hockey game! To raise money for the event, the club sponsored its own Halloween Dance held at the High School with DJ Disco Dave.

The gang, as always,
pumping up the crowd
even hours after the
game!

Fall Halloween

Mrs.Cirello's and Ms. Meyer's class with Miss Daisy.

I love participating in work experience. Especially in Mrs.Cirello's and Ms. Meyer's UPK room. I love walking into the room and all the kids running to me saying, "Miss Daisy, I missed you!" They honestly make my day worth coming to school. I also have decided to attend college to be a pre-kindergarten (UPK) teacher because of this experience and I will truly miss them!

GROUP

SHOT!

"I have been a member of the program for all of my four years in High School. My greatest moment was receiving the Big Brother of the Year Award for Chenango County last year. It is a great program and I was glad to see more seniors volunteer this year!"

-Craig Champlin

Head of the program Pat Yadow, right, and her assistant, Courtney Niederer.

"In the beginning, the Littles need the Bigs but by the end, the Bigs know they need the Littles!"

-Olivia Powell

"BBBS is no joke, it forces high schoolers to find the responsibility, compassion, and fun within themselves to help another who needs it."

-Erica DeWispelaere

Big Sister

Big Brother Big Sister is a school-based outreach program for both younger and older students, no matter the grade level. In the High School, students volunteer their time after school every Monday to spend time with a designated little brother or sister from either the Primary or Middle Schools. Throughout the course of the year, Bigs and Littles spend hours together doing activities ranging from sports, homework, games and activities designed by Project Reach. The program holds their annual 'Bowl for Kids Sake' every March to raise money for the programs across Chenango County. The program is always looking for new Bigs and students in the High School may volunteer to join. -CAC

SENIOR MEMORIES

2009

Julian Bevan

Memories: Why fragment time into eventual memories if only the opposites of momentary happiness come upon the pure reflection of later years? It is not the moment as you lay your head which counts for the memory of the day, thoughts of this serve only to keep you up, racing through the complex with such intensity that the twilight is no matter. Those to be reborn from the ashes of mirth are deemed worthy, flaming in the mirrors of age, marked by differences but founded on similar grounds... Olivia- When you turn one way, I'll turn the other... be my right hand as I be yours. Erica- The butterfly lands on the centaur and whispers, "Strike the earth with *incomprehensible* force." Peter- The heart learned to care and not care, consider darkness and fear the light. David- The gift of antics to satisfy, a friendly voice to echo eternally.

Quote/Saying: I don't know/I don't care

Memories: My favorite memory that I have with my friends is just spending all of my time with them. I have a lot of favorite memories with them and I can't just pick one. Candace, Maisie and Brandi are like sisters to me. We all spend a lot of time together. There was this one time, when Candace and I fought over a spoon at her house. Lol, you had to be there to understand it. I am going to miss these girls when I graduate but we always keep in touch no matter what. I will miss all the good memories that we shared together and I will also miss being in school to be able to see them. I love you girls with all of my heart.

Tiffani,

It wasn't so long ago
that you were our
little "sprout". We are
very proud of you
and all you have
accomplished.

Love Ya,
Mom, Aaron, Nelson,
Grandma & Pop Pop

He was born in May in the spring of 1991.

With the slap of a hand his life had begun.

We will dress you up warmly and send you to school.

We will help teach you how to read and you will be nobodies fool.

We will help you stay focused.

... and teach you how to get up when you fall.

You have learned how to ask questions and challenge the rules.

We will cut the strings that bind you and send you afar.

This will have helped you learn that world is truly small.

We have done our best to help bring you this far.

It is up to you to never lower the bar.

*Love ya,
Mom Dad and Erica*

"The great thing about getting older is that you don't lose all the other ages you've been" ~Madeleine L'Engle

Erica - the love of art, drama, singing and all things creative that you had as a toddler has matured into a sharp fashion sense, the ability to play any "part" in life, a quick wit and a willingness to work hard and go after what you want. (And you've always had an opinion about what you want!) As you continue to grow and find your place in the world, don't lose sight of that fun-loving little girl.

We have loved watching you grow and are proud to be your parents. We can't wait to see what's next for you! All our love, Mom and Dad

To My Little Olivia,

You are everything I envisioned you would become and so much more. Olivia, you have brought such joy to my life and to many others, you are the gift of my dreams.

Travis #36

Watching you grow from a beautiful baby to a fine young man has made us extremely proud parents.

From pee-wee wrestling and football all the way to varsity has been quite an adventure. You have proven yourself as a workhorse, All Star and All American.

We know that when you put your mind to something it become a reality. (Like the skate park you built!) You will become someone spectacular. You have always worked hard, followed your dreams and goals and should continue to do so.

Congratulations Travis on all your successes and know that the best is yet to come.

You
Can Do
Anything!

We love you
and are
so very
proud of you.

Myranda -

There are some places and experiences that words cannot describe. Some of them you have already experienced: puddle jumping, trail riding, barrel racing, rock climbing, spar pole climbing, white water rafting on the Arkansas River, the Garden of the Gods, Pikes Peak, mountain biking, archaeology, Valley Vidal (Valley of Life), blacksmithing, the Red Roof Inn, curious black bears, mini-bears, chuck wagon dinners, touring abandoned gold mines, homebound tent city, the 100 mile backpacking hike at Philmont Boy Scout Ranch, Finger Lakes Trails, kayaking, family campouts, sleeping with porcupines, Venturing, geocaching, and more. Others you have yet to encounter and appreciate.

Now is your time to examine the nature of things, to explore, to get a little mud on your shoes, to find a sense of purpose, to invest in yourself, to forge new friendships, to create change, and to look to your future. Undoubtedly your new experiences will be along "the road less traveled".

- You are a true delight and we love you dearly,
Mom, Dad, and Ashley

John Petersen

John, we are so very proud of you in so many ways. Due to your hard work, you took control of your young life and made great things happen. You stayed on the high honor roll, got a 100 on your NYSSMA singing solo and sang in the '08 All-State NYSSMA Conference in Rochester. You made time for good friendships (like BAN2D), memorable parties, school plays, concerts, movies, reading, languages, learning to drive, baseball and rollerblading. You write stories, play the clarinet, you're teaching yourself piano, write music, create art and have been inventing computer games. You also have an excellent sense of humor that sometimes has caught us "off guard" with your sharp wit. You're too fun! Due to all your perseverance, you are graduating a year early, and will be spending a year in the Eastern European country of Hungary as a Rotary exchange student. You will have to put all your skills to the test learning the Magyar language and customs, but we know you can do it! We'll miss you, but have a wonderful time.

Gratulálók!

We love you with all our heart,
Mom & Dad

i can haz diploma now?

Congratulations!

Megan,

It's so hard to believe that you are a senior. Where did the time go? We will never forget the day that you were born and the absolute awe we felt. You are such a beautiful person inside and out. You have grown into an amazing woman. Words cannot describe how proud we are of all that you've done and will continue to do. We have no doubt that you will succeed in whatever you put your mind to. The sky is the limit! Enjoy!

We love you very, much!

To Our Beautiful Girls Danielle and Daisy

You entered this world at three and four lbs. and we know you were both truly a blessing. From the first time we saw those big blue eyes to your little hands and feet, we have cherished every moment we have been given, from the sleepless nights to Mrs. Fagnani's Kindergarten class to seeing you now as Seniors graduating High School. We are so proud of the two of you and all of your accomplishments, and know you both will achieve the goals and dreams you have set for yourselves. Always know as you both enter a new chapter in your life and begin your separate journeys, remember no one is too far from the other and whether it's a hard exam you're taking or a great game you are having, mom and dad are always with you in our hearts and only a phone call away.

*We love you girls and are so very proud to be your parents.
Love Always,
Mom and Dad*

WE LOVE YOU BOTH AND HAVE ENJOYED WATCHING YOU GROW UP!!!

Well, I can not believe that it is here.... my little girl is graduating high school. It doesn't seem possible. I sure am going to miss the heck out of having you home but I also am so proud of all of your accomplishments. With your charming personality you will have the world at your fingertips... Lord knows you have had me wrapped around them since the day you were born. It has been so exciting watching you excel at sports and at least I won't have basketball withdrawals.....by the time you are done playing at college Colby will start using all the skills his big sister taught him. You have such a special way about you, you definitely know how to put a smile on someone's face, why you even know how to make my heart smile. You are so much more than a daughter to me Chantel, you are my best friend! And just know that there is always someone out there that LOVES you even more then you love yourself.....in case you don't know who that is you have called her "MOMMY" all your life, with a few years referring to her as Rachel.

But more than anythingMy Wish for you, is that this life becomes all that you want it to, your dreams stay big, and your worries stay small, you never need to carry more than you can hold, and while you're out there getting where you're getting to, I hope you know your "mommy" loves you and wants the same things too, this is my wish.

LOVE ALWAYS,
MOMMY

I can't tell you how many times in my life that you have filled my heart with pride....from the first day of your life, starting school, to all the great basketball games that you have played, when you gave so much of yourself that you had no more to give. That just shows what a great person you have always been and the awesome young lady that you have become. You have given me some of the best memories of my life and I will cherish them forever. I can't tell you enough of how proud I am of you and how much I love you.

Love, Dad

I Pinky Promise to always love you as big as all the oceans

I will miss hanging out with you & your friends, Thanks for being the best sister ever! I LOVE you so much!

David,

Wow 18 years! Where has the time gone? We have watched you grow up to be an amazing young man. You have always strived to do everything you have set your mind to do. The future is yours.

Love,
Mom, Dad and Becky

Jessica

We are full of so much pride and joy watching you grow and mature into such a beautiful young woman. You have accomplished so much already and we know it's just the beginning of what is yet to come. Jessica, you have blessed us with so many wonderful memories. As our first child, you exposed us to all the firsts that a child can bring to their parents. From being the first to kindergarten, school concerts, sports, dating, driving and of course now, the first to graduate high school and go off to college. We have been fortunate to see you work hard at setting and then accomplishing your goals every step of the way. Your future is full of tremendous opportunities. We know that you will be very successful in whatever you set your mind to in college and beyond. We love you very much and will miss you next year! Congratulations and Good Luck!!!

Love Mom, Dad, Chelsea, and Matthew

Craig Alexander,

As this first phase of your life comes to a successful conclusion we wish you the best as you embark on the next phase, one which will be infinitely more challenging and than the first, but which, by comparison, will be exponentially more rewarding. If life is but a series of choices, and success but a series of correct choices, then your choices to date have been well chosen, and optimism for future success is surely warranted.

Whatever you choose to do in the future do it with a purpose toward greatness, a compassion to better those around you by the example you set, and be true to your own accepted code. When night falls and our eyes close we always find ourselves as we truly are, alone with our conscience.

All our love,

Jim, Maryann, Jeffrey, Boo, Papa Zig, Cutsie, & Sack

We wish we had a time machine that could take you back and show you for a moment the beautiful baby boy who won our hearts forever the first time we held him in our arms or the mischievous toddler who never stopped for more than a minute. ... so full of life and curiosity about the world around him. We also would be able to show you the confused look that was on your face when girls were #3 on your list of priorities behind #1 Academics and #2 Sports.

Your academic achievements have been numerous you are an intelligent and strong individual. Sports is your passion, whether it be soccer, football, basketball, or baseball you play hard, showing good sportsmanship, giving 100% with heart, never allowing negativity to influence your determination...from OYSP thru Varsity.

Your laughter, tears and smiles have brightened our world, you would know without a doubt, how much we have loved watching you change and grow to become the special man we always knew you would be. Thank you for showing us the true meaning of pride and joy.

We LOVE you Bougaloo,

Our Dearest Christine

She's a butterfly, pretty as the crimson sky
Nothing's ever gonna bring her down
And everywhere she goes
Everybody knows she's glad to be alive
She's a butterfly

Like the purest light in a darkened world
So much hope inside such a lovely girl
You should see her fly, it's almost magical

God bless the butterfly,
give her strength to fly
Never let her wings touch the ground

God sent a blessing from above, my Special Angel to cherish and love. It seemed for a moment, the world was standing still. You own my heart as you always will. It seems like only yesterday you were starting your first day of School. You have accomplished so much and we are so very proud of you. Your compassion, kindness, and dedication for others are an inspiration to all.

With all our love, Mom & Dad

Congratulations
