...To Looking Back

Brandon Shaw wears his
dad's jersey--now Brandon
sports his own #21 jersey!

We've come a long way since
second grade!

Andres hams it up!
Is that a football
jacket ya're
wearing?

Good thing the fashion police
don't drive Coca-Cola vans.

Looks like everyone's enjoying Ashley
D.'s birthday party.

Back then, it was all about having fun
We had no idea we were...

Tell us, how does it feel to win
Student of the Week?

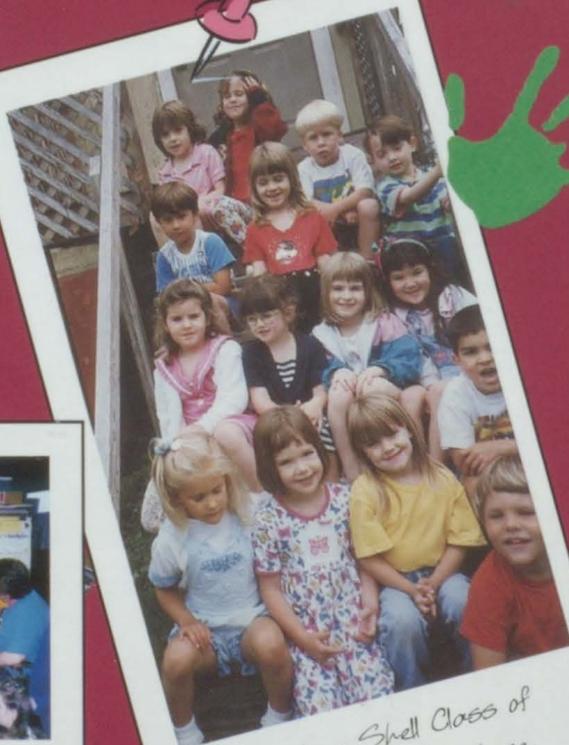

Get your camera ready, the
Statue of Liberty is ahead!

See Margo? We've been
practicing aerobics since
we were toddlers.

Cheers, women!
We made it!

Pumpkin Shell Class of
'96. Look at all those
wonderful students!

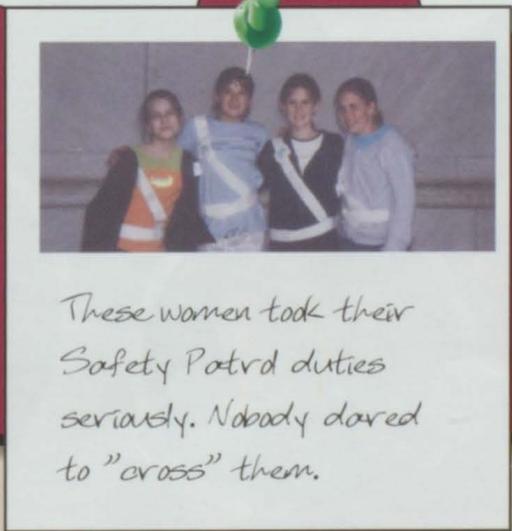

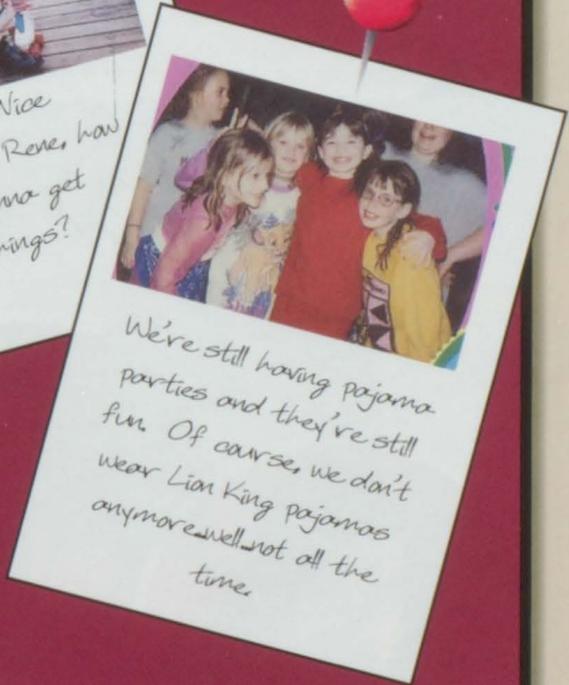

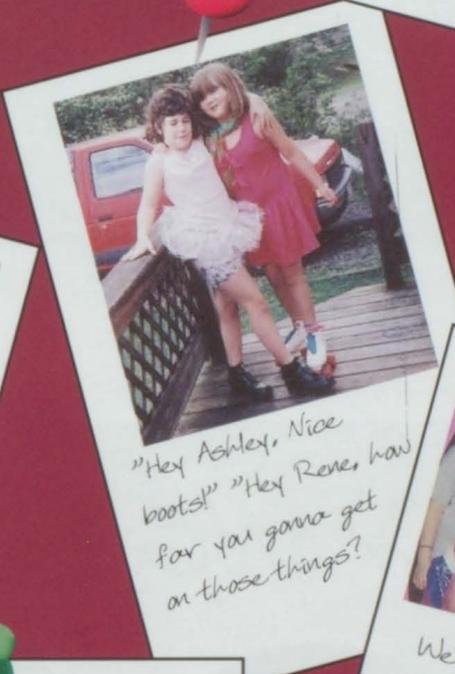

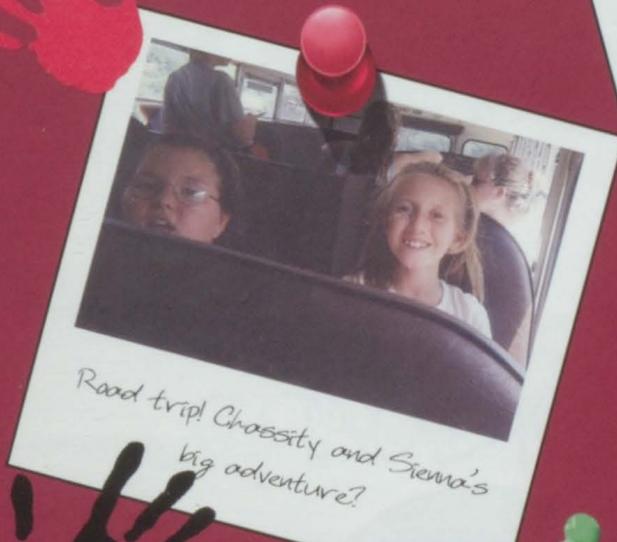

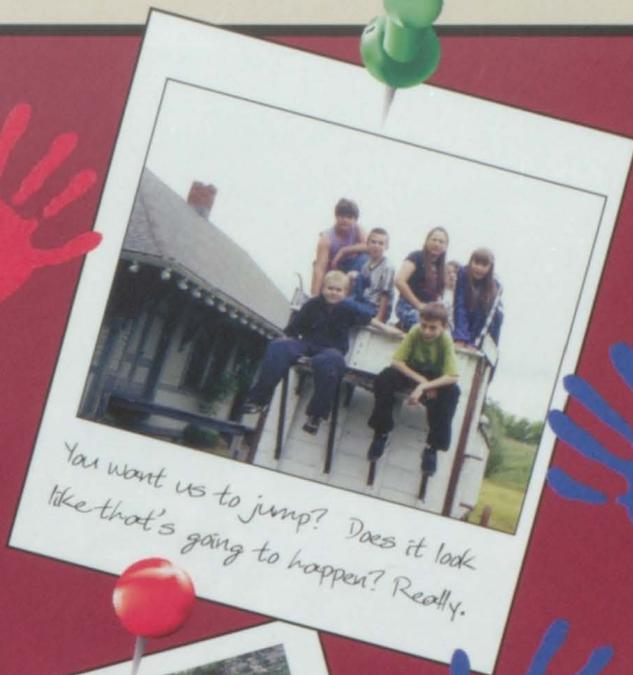

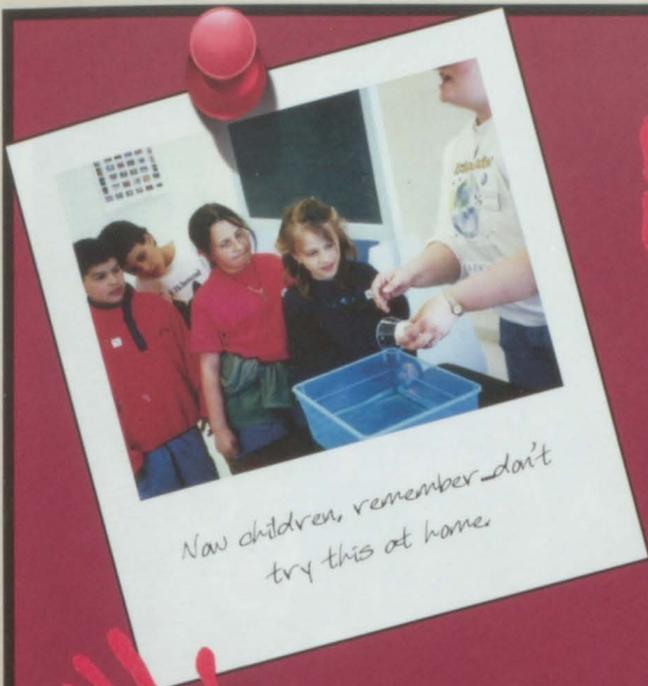

Ryan and Jamie look like
they're trying out for lead
roles in Grease!

This presentation must be
riveting...everyone is paying
close attention!

LOOKING FORWARD

to LOOKING BACK

LOOKING FORWARD LOOKING BACK

Looking forward, looking back
I've come a long way down the track
Got a long way left to go
Making songs, from what I know

Making sense of what I've seen
All the love we've had between
You and I, along the track
Looking forward, looking back

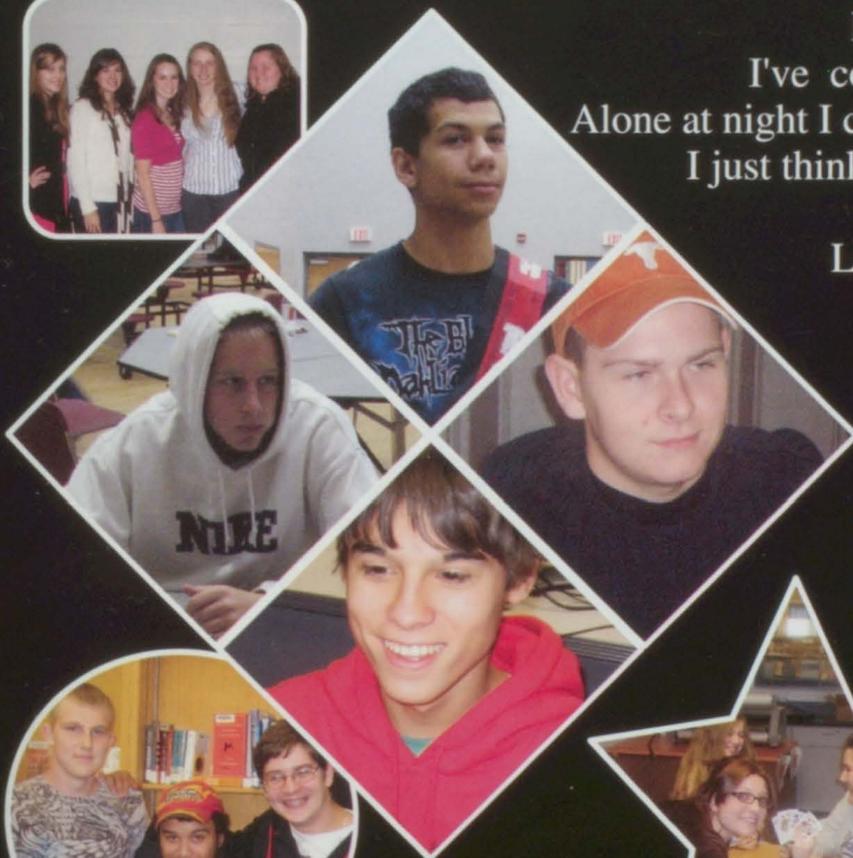

There are strange days
Full of change on the way
But we'll be fine, unlike some
I'll be leaning forward, to see what's to come

Looking forward, looking back
I've come a long way down the track
Alone at night I can see through all the triviality
I just think of those who are dear to me...

Looking Forward Looking Back

Memories: The wondrous hike through the woods with Kaleigh Paster. The amazing-ness of playing DDR with Melli. Good times with the tennis teams. The Ropes Course with Kristen and Moe. The countless other embarrassing things that my friends and I have done that would make you cry.

Misty Golden

Nicknames: Niner

Sayings: "What's Good"

Memories: Oxford was a place where I could grow as a person, make new friends that I will have forever, make history for our sports teams, and just enjoy the best years of my life. Soccer 2009 we were the division champions. We also had the best record in nine years and scored the most goals in a single game. For me when I hear the word "soccer" all I can think of is an amazing team and a very funny quote from a very funny person; "Coach, why do they make us use triangles? 'Cause they make us feel good." – Haley

Witchella. Softball 2009 we also made history; we went to sectionals for the first time in nine years and won the first game. Sports have always been my life here at Oxford, and if I may say so myself, I leave on a high note! Sen10rs

Quote/saying: When life gives you lemons exchange them for oranges....

Memories: When I think of my high school career I think of all of my friends and the moments we shared together. TURKEY, brownies with Peter, peeling wallpaper with Erica, Hello Dolly, 2007 first place jazz band, Tennis, parties and unexpected friends. Open door policy, Viva la arrange, and the Paramore concert. Peter and I being drill sergeant section leaders. Becky's party and noise makers, Belaine, and endless video games. I've done a lot of crazy things in school but I would never regret a single one because I did them with great friends like, Erica Dewispelaere, Melanie Lashaway, Darren Brooks, Amber Kida, Noah Auwarter, Olivia Powell, Nick Blair, Julian Bevan, Catherine Sasso and Peter Ivarson. Contrary to Erica's belief I did not come here in 10th grade, it's been a crazy five and half years.

Coach Dorman:

"We started this season with a great outlook and the strong possibility of winning our division and league. With a strong offense, we were expecting to have high scoring games and finish the ball. Our season began with an overtime win battling Bainbridge-Guilford, which set the tone for our year. It demonstrated that we had heart and determination and we would fight to win. Throughout the season, we tallied several consecutive wins, two runs of 3 and one run of 4. The last week of the season we were at 11-3 and had a chance to play in the league championship if we could beat Delhi. Unfortunately, we had a tough time scoring and finished 2nd in our division. The season ended with a first round upset loss against Union Springs. We improved greatly from last year and showed a lot of gains throughout this year. I am truly proud of each one of these players, as should be this community and the players themselves.

Boys' State

John Lee, Jamie Smolcnop
& Andres Gonzalez

Boys' State is a program of the American Legion developed from the concept that youth should be offered a better perspective of the practical operation of government. Qualified male high school juniors take part in a practical government course. The course is designed to develop in young citizens a working knowledge of the structure of government, and to impress upon them the fact that their government is what THEY make it.

Girls' State

Alyshia Crawford

American Legion Auxiliary Girls State is a nonpartisan program that teaches young women responsible citizenship and love for God and country. High school girls who have completed their junior year spend an intensive week of study, working together as self-governing citizens at Auxiliary-sponsored Girls State programs in every state (except Hawaii).

Olivia Powell

John: How are you getting around?

Being forced to adapt to daily public bus transportation to school, home and anywhere else, has been an eye-opening experience. Budapest is a city of 10,000,000 people--a lot different than Oxford.

John: What are you doing in Hungary?

Mosltly, going to school. School is much different. The teachers move from room to room, not the students. There are different types of high schools. Some focus on sports, others on music and art. In his free time, John has been able to visit museums, exhibits, other countries and even fit in some tennis.

Olivia: Has there been much of a language barrier?

Olivia was pleasantly surprised at how much Spanish she actually understood. She becomes more proficient every day.

Olivia: What's the music like in Chile?

Olivia likes the Chilean music she's heard, but more than half of the radio stations play American or English music. The T.V. stations, are similar, too. The pop culture in Chile is almost completely based on ours.

Olivia: What's Chile like?

The Andes Mountains are magnificent! The food is wonderful and similar to the food in the US only healthier, because it's all fresh. The bread, though...is incredible!

Foreign Exchange Students

From Spain...
Zoe Gisbert-Perona

From Germany...
Maximilian Limbourg

Max and Zoe pose together after the musical

Max loved performing in the musical, even though it was hard work...it's a toss up what he liked better...baseball or singing. He never did either in Germany--sing on stage or play ball.

Max: What's the difference between school in Oxford and school in your contry?

In Germany, Max says there's much less school spirit. There are no sports teams, no Spirit Week..but school is much harder. Here, the teachers want you to do well, help you and answer questions. In Germany, most of the work is done on your own. No questions. You can't go to University unless you pass some huge tests.

Max: What are you going to miss most about Oxford?

Max is going to miss hanging out with his friends and driving around...baseball and soccer teams...the small community and very nice people..Spirit Week and danecs..host families...the junk food...the countryside

Zoe: What are you going to miss most about Oxford ?

Zoe is going to miss Allie, Rhiannon, Hailey, Mr. Detweiler, being able to go in the snow and ski...the delicious snack food like zebra cakes, poparts, V8 juice and bagels...cheap clothes..art class..both host families..the dances and everything that made this year like the movies. "I love you all!"

Zoe: What's the difference between school in Oxford and school in your contry?

Zoe believes that school in her country is much different than it is here. In Spain, for instance, students don't graduate unless they pass a series of tests in their senior year. Zoe says the tests are really hard and that they spend a great deal of time during high school studying for them.

New Teachers 2009-2010

Mr. Muller

Mark Muller came to Oxford from Gilbertsville—Mt. Upton, where he taught Earth Science and Biology for eight years. Before that, Mr. Muller served in the Coast Guard, worked at Los Alamos National Laboratories in New Mexico, taught natural sciences at the University of New Mexico, and spent four years teaching Biology at BCC. Mr. Muller is from Vestal, N.Y., and graduated from Vestal High School. He earned his B.S. degree in Geology and Biology at SUNY Cortland and his master's degree at the University of New Mexico.

When Mr. Muller isn't trying to teach students the composition of the earth's surface, he enjoys playing tennis, walking his dogs and kayaking. He has three children he also likes to spend time with—Andrew, Samantha and Aaron. What Mr. Muller loves most about teaching are the students. What he loves most about teaching in New York, is the weather (not really).

Ms. Villari

Amanda Villari grew up in Rockland County, N.Y. She graduated from Clarkstown South High School and SUNY Oneonta. She earned her B.S. degree in English and Education. During the 2008-2009 school year, Ms. Villari worked at Gilbertsville—Mount Upton in Special Education. She now lives in Norwich.

When Ms. Villari isn't grading papers, you can probably see her outside, running. She was on a 3-season track team and a 3-season travel soccer team in high school. She also ran track for Oneonta. At GMU, she coached Modified Girls' Soccer and helped organize the "Girls-on-the-Run" program which teaches young women not only how to keep fit through running, but helps to develop self-respect and values. When asked what she wanted to be when she was a kid, Ms. Villari said she wanted to become a veterinarian. What she likes most about teaching is coming up with creative activities that students will remember. What influenced her to become a teacher were her own good teachers. She thought that they motivated her to want to make a difference with kids.

2009 Retired Teachers

Linda French

Linda French retired from Oxford after working in the middle school, primary school and high school. She started as a teacher's aide in the middle school then came to the Primary School and in 2006, became the high school study hall monitor. Mrs. French worked for 8 years here, but before that, worked for Proctor and Gamble for 27 years as an office assistant in the Engineering and Maintenance Department.

Mrs. French says she absolutely loves retirement. She and her husband finally have the opportunity to do whatever they want, whenever they please. Sometimes they work around the house and other times, they just pick up and leave on a short vacation or weekend. They love to shop and spend a great deal of time visiting with their 17 grandchildren. Ms. French loves living every day as it comes, rather than being driven by clocks and bells.

Maria Santacrose

Maria Santacrose began her teaching career in Oxford. She was the primary school librarian for 5 years and the high school librarian for 17 years. Before Mrs. Santacrose worked at Oxford, she owned a bookstore in Walton.

Mrs. Santacrose loves retirement. She says that it gives her time to do all the things she's been putting off for years. She's finally able to read all those books she didn't get to when she was working. Right now, she's working on a family project. She's collecting as many of her grandmother's recipes as she can find, compiling them and is hoping write a book that will combine the recipes with anecdotes about her family in Italy. Mrs. Santacrose is also hoping to learn to speak Italian, because she and her husband are planning to travel there again, soon. She has found time to volunteer, too. She is presently on the board of the Hospital Auxiliary, serving as a researcher. What she loves best, though, is spending time with her three grandchildren, Constantine, Octavian and Aurelia.

Cory Seiler,

You have always
made us very proud.
Basketball, soccer,
golf. It has been so
much fun. Always
know how much we
love you and we are
always here for you.

Love always,
Mom, Pops, Scotty

Dear Taylor,

Dad and I are so proud of you. You have grown
into a wonderful, caring young man. It's hard to

believe that you are graduating from high school.
It seems just like yesterday I was prying your
fingers from the bumper of the van because you
didn't want to go into the school for Kindergarten
orientation. Now you are a man going out into the
world. Taylor, we love you very much and wish the
very best for you.

Love, Mom and Dad

Ashley,

Your dreams are your
goals. make them come true.

We are all so very proud of
you. Love,
Your family

Congratulations, Daniel!

We are so proud of you. You have worked so hard, and here you are—a senior.

Always remember what is important in life.

Keep your faith in the Lord.

Remember that hard work always pays off.

We all love you very much. Do your best!

Love,

Dad, Mom and Family

A -is for our ANGEL, you bring so much joy into our lives

S -for the SENSITIVE and caring person you are and
-for the SISTER that a brother can be proud of

H -is for your sense of HUMOR—I wonder where you got
it, hmmm?

L -is for the LAUGHTER we have shared and for how much
we LOVE you

E -is for your EFFORT put forth for your grades, music
and field hockey

Y -is just for YOU, never forget how special you are to us

Pookie—We know how hard you have worked to achieve your goals. Now a bright future awaits you. Believe in your dreams and in yourself. We'll miss you terribly and will always be here for you. WE ARE SO VERY, VERY PROUD OF YOU!

Love, Mom, Dad and Sean

Amber,

Photographs and memories bring smiles and tears. Who knew your first Halloween and Easter would be the beginning of an era for you? High school is soon in your past, but the memories will live forever. College will bring you new challenges and joys and we can't wait to see where life is going to lead you. Congratulations on all you are becoming, and no matter what, remember who you are! We love you

more than words can say.

Love,
Mom and Dad

Go out into the world today, and love the people you meet, and let your presence light new light in the hearts of people.

Kayce,

You have been the light of our lives since the day you were born.

With all of your talent and determination you are going to go far in this world! We are so proud of you and all that you have accomplished!

Love always,

Mom, Craig, Grandma, Brenna and Morgan

Dylan J. Nisbet

Dylan,

I have loved watching you grow into a fine and talented young man. You will always be my "gentle giant." May you always have the strength to follow your dreams and make them come true. I still forever "Dream you back." We are so proud of you.

Love,

Mom, Dad, Austin, Arik and Fletcher

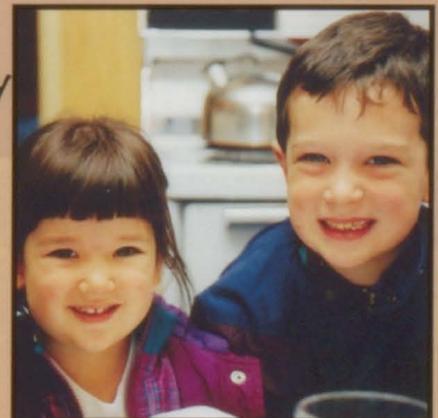

Casey,

Congratulations! We are so proud of you. Sometimes the journey has seemed difficult, but you made it through and have blossomed into a beautiful and strong young lady. A new and exciting journey is just beginning and we are sure you will continue to grow and achieve any goals you set for yourself. We will always be there for you in whatever you choose to do.

We love you,

Dad, Mom, Jared and Sammy

I am so proud of you and the person you have become. Watching you grow from a sweet little girl to the proud, confident young woman you are today, has been the most rewarding experience of my life. In the future, in all the choices you make in life, never forget the person you are or where you came from. Never compromise your values and always be happy with the decisions you have made. Always be the wonderful person you are today and you will succeed in everything you do. I love you babe. Keep your head in the clouds, but your feet on the ground.

Love, Mom

Good job, Maisiel
Way to go!
I am very proud of you!

Love,
Dad

Good Luck, Maisiel
Shoot for the Stars!

Love,

Congratulations, Tyson!

We know it's been a long journey, and a hard road, but you did it. All your hard work finally paid off. We have waited a long time for this day to come. You did a great

job and we are so proud of you. We could not ask for a better son.

We love you,

Mom & Dad

Paper, Paint and Crayons

Eighteen years, a thousand fears,
Yet countless joyful times,
We were so scared at first,
But the unconditional love, it binds.

Her favorite pastime soon becomes
All paper, paint and crayons,
Some years go by, she's growing fast,
No longer holds our hands.

We were so young when she came along,
Many did not approve,
We grew and learned together,
The world was so new.

She struggles some along the way,
She stands up for what's right when push comes to shove,
We are so proud of her!
We hope she feels our love.

The sun breaks through, she finds her way,
The clouds begin to clear,
And every day that passes now,
Each one we hold so dear.

She'll leave us soon to spread her wings,
A dream or two to find,
We know her life's forever bound
To these roots she leaves behind.

We hope she knows how proud we are,
How deep our love resides,
How much we've learned along the way,
Seeing through our child's eyes.

The paper, paint and crayons
Through graduation years,
Will always be our most precious ones,
Despite the thousand fears.

Amber Kida

Congratulations!! You've been an outstanding employee. We wish you the best of luck and success in everything you do!

Love,
Terry, Dorreen and everyone and Label Shopper

Rhiannon,

You are such a beautiful girl inside, as well as outside. I know you will do well next year at Caz. Here are a few reminders of your life from here to there in 17 years.

Remember all the Christmas family photos?

I loved taking you for your driver's test. Yeah.

...But my favorite holiday for you was Happy Halloween!

And feeding you doughnuts after your appendectomy and were still on liquids!

Love,
Grannie B.

C is for caring, so generous and fair
H is for hugs so willing to share
E is for eternal, heart of gold
L is lovable, a beautiful soul
S is for special, sweet cherished child
E is for expressive, always a smile
on your face
A is for affectionate, a gift from
above

To our Muriel,

We still can't believe how fast the time has passed and you are now a senior. We could not have asked for a more wonderful little girl than you. You have a very big heart and very broad shoulders that came in handy when we lost your big sister this year. You have been our rock, Chelsea, holding us up and leading the way when we didn't have the strength to do it ourselves. We are so proud of you for never giving up and moving forward with never a complaint. You have always been an easy going, happy-go-lucky child who has made parenting for you so simple and stress free. I'm sure there aren't many parents who can say that, but we can. Just remember, we are here for you every step of the way when you need us. Keep your chin up, keep smiling and take life one day at a time. You're gonna be just fine.

Congratulations Chelsea Muriel Estelow, Class of 2010

Grandma and Grandpa Diamond

Nick,

It has been a joy to watch you grow up from a little boy who thought that Elmo and the Power

Rangers were what the world was all about,

to a young man who has accomplished and achieved so much. We are very proud of you!

As you follow your dreams and experience life, don't forget to take the time to have fun and enjoy yourself. Don't be so busy making a living, that you forget to live.

Congratulations and good luck!

We love you, Nenee,

"Try not to become a man of success, but try, rather, to become a man of value." -- Albert Einstein

The youngest of the Muzzy fair,
is ready to walk out the OACS door.

You had some struggles along the way,
but still managed to smile, every day.

You were tested at the young age of seven,
when God took your dad up to Heaven.

Your siblings had many nicknames for you.
One of their favorites was "Molliu".

You helped on the farm and did your chores,
when you'd rather have been shopping at the stores.

You played your sports and captained all,
softball, field hockey and volleyball!

Flaots, airband, activities with your friends,
it seemed that they would never end.

At the prom you were crowned ice queen,
that's when everyone else saw what I'd always seen.

You gave up Homecoming for your friends,
What a message that does send.

You pushed yourself your senior year, took University
classes and Preeds, without much fear.

What a well-rounded person you've become,
you're ready for whatever is yet to come.

Now that it's almost time for you to depart,
Please know how much I love you and that's from
the heart.

Jessica,

There is a light at the end

wonderful person.

ANDRES

We are proud of you!!

Love,

Mom, Dad and Elizabeth

Daughter, Princess, Friend,

We hope you will always remember how proud we are
of the person you have become. Your selfless acts of
kindness have not gone unnoticed. Not every teenager
would give up not one, but two summers to give
unconditional love and support to her grandparents in
need. You did so with a smile on your
face and love in your heart. You have
made so many people so proud to know
you. You have made us proud to say,

"That's our princess."

We love you, Sabrina.

Amanda,

Where have the last 17 years
gone? You have changed from a cute
little girl to a beautiful young lady.
Remember to keep your goals set high
and reach for the stars. You can do
whatever you set your mind to.

Congratulations!

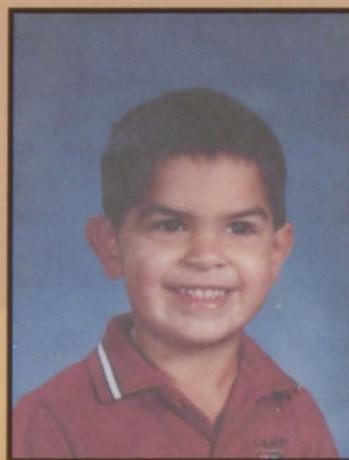

We're proud of
you!!!

We Love You,

Grandma

Alaina,

You have such a beautiful heart, always with an understanding for others, especially those who many have forgotten. As you finish high school, we wanted to share some inspirational thoughts as you go out into the world.

Money and popularity aren't as important as how you treat others and how you make the world a better place because of what you do, while you are in it.

A Cherokee Teaching

One wolf is evil; he is greed, arrogance, false pride, envy, hatred, lies and self-pity.

The second wolf is good; he is love, peace, hope, serenity, kindness, generosity, truth and compassion.

"This same fight is going on inside of you and inside every other person."

A grandson thought about it for a minute and then asked his grandfather, "Grandfather, which wolf will win?"

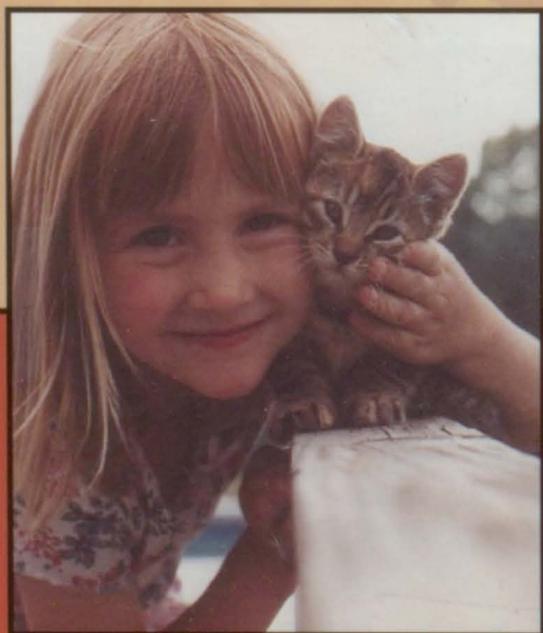

His grandfather said simply, "The one you feed."

The second inspirational message is from John Duchworth who speaks about God. "He probably wants more encouraging notes sent than books written, more sandwiches shared than sermons preached, more band-aids applied than edifices built. That is good news for those of us who have only little things to work with. Like a cup of water. Or a chicken. Or a word or a deed so tiny it can't be remembered except by the recipient who may never ever forget."

Keep up the good work and as Gandhi stated, "Be the change you want to see in the world."

Many blessings as you graduate!

We love you!!! Your family!

Long ago, wishes whispered in the wind,
The moon shone down to reveal our happiness.
You had appeared, our beautiful girl,
Your maiden voyage began our journey
As mom and dad.

And the days fluttered along,
The time now not our own,
As your wings slowly unfurled,
We watched, enchanted,
All the while the message surrounding us,
That love makes this all real.

As the mists of change now hover near,
Hold in your heart that you make us proud,
Beautiful girl. The days ahead await the
Flight of your creative spirit.

May you always be surrounded by
Love, honor, beauty, humor and inspiration.
May you always remember to share these things
With those who are placed in your path.

Love,
Mom and Dad
