Memories: I have many memories that will always be cherished. Especially the memories of spending my junior prom with my amazing boyfriend, Zac Calderon and my two best friends Maise and Tiffani. These three people mean everything to me. And all my memories with these three will not be forgotten. Another memory that has happened throughout the past four years are the interesting lunch table conversations and the creation of the lunch and study hall notebook. So many memories lie in this notebook. Another memory is the creation of our "what color" game. It was a game we did every day during breakfast or lunch. I will always remember the fun I have had being in band and chorus since 5th grade. Without the help of my friends and my boyfriend, I wouldn't have accomplished many of the things I have accomplished. Special thanks to all my friends for precious memories!

Foreign Exchange Student

Brenda Borges

From Bolivia

When I first arrived in Oxford, I didn't like it very much. I was worried that the people would be strange and nobody would like me. It is a lot colder and smaller than my hometown of Santa Cruz, Bolivia. Now I love it here, and don't want to go back home. School here is very different. In Bolivia we started school at 7:25 and the day ended at 12:45. Even though the days were shorter, we had 10 subjects each day and the amount of homework was much larger. I have been able to participate in activities like drama club, soccer, volleyball, and track. Some of the amazing things I have done as an exchange student are going to see Phantom of the Opera and the Macy's Thanksgiving Day Parade in New York City, going to the homecoming dance, went on vacation to Arizona with my host family, went trick-or-treating, and just spending time with my friends. What I like most about Oxford is the people, and the great friends I have made, and I will miss everyone and this town when I go back home.

Welcome New Teachers!

Mrs. Aukema

I Grew up in Marathon, NY on a Dairy Farm and was active in 4-H, dairy promotion committee, sports, drama, and student government. After graduation I continued my education at SUNY Morrisville graduating with an AAS in Agricultural Business. I then transferred to Cornell University graduating with a BS in Animal Science and then to SUNY Oswego receiving a MS in Career and Technical Education. My husband and I have 2 children, and a variety of animals. We raise boer goats, chickens, and have a dairy farm. I am very involved in the Agricultural Community and spend most of my summers showing dairy cattle, working with animals, and in the garden. I am extremely excited to be teaching agriculture at Oxford Academy.

Mr. Kaschak

I graduated from Vestal High School in 1989 and attended University at Buffalo. I then graduated from the University of Rochester with a BA in Computer Science/Math and was commissioned through NROTC.

I spent 10 years in the Navy as a P-3 Orion pilot stationed in Florida, Washington State, and Iceland and was deployed worldwide.

Afterwards, I worked for ONC BOCES as an after school program director, and attended Hartwick College for a math teaching certification and ultimately the State College at Oneonta for my Master's in Counseling.

I currently live in Oneonta with my wife Lisa and my 3 dogs and 4 cats. I enjoy skiing, running, canoeing and hiking with my wife and the dogs.

Mrs. Laytham

Hello, my name is Jan Laytham and I am pleased to introduce myself as the high school principal. I worked for Oxford Academy and Central Schools for over 3 years as the Coordinator for Student Learning. Before that, I was a high school English teacher at Gilbertsville-Mt. Upton for 15 years.

I feel very fortunate to be at Oxford, and even more fortunate to be in this principal position. The teachers, staff and students of Oxford High School are a team. Their dedication and commitment inspires and energizes me.

Mrs. Drelich

After holding varied positions in the Primary School since I started working here at Oxford Academy and Central School in 1999, this year I was asked to move to the High School. What a change! I am now working as a 1-1 LTA with Mr. Gilroy and Mrs. Paul who have been in the High School for many years. I live in Norwich with my husband, Julian. Both of my children attended Norwich schools. Kimberly graduated from Cazenovia College with a Liberal Arts degree and Danny graduated from Keystone College in Pennsylvania with a degree in Sports and Rec Management. Both are gainfully employed and I'm now working on my retirement account instead of paying college tuition.

Mr. Rogers

I graduated from Oxford Academy High School in 1987 and attended Elmira College. I then graduated with a BA in History in 1991. After shorts stints in Law School and as a police officer, I returned to Elmira for my teaching degree in 1994. I then became a Residence Life Coordinator and in 2 years I received my Master's degree in Education.

I have taught in Oxford since 1996. I spent my first few years in the Middle School teaching 8th grade social studies, and last year I was split between 8th grade and 10th grade. I am enjoying the challenge of the 11th grade and the Dean of Students position this year.

I currently live in Norwich with my wife Amy and my 3 children. I have many hobbies including: reading, music, gaming and karate.

Mrs. Nabinger

After teaching in Oxford for 8 years I took a position with another school district to be closer to my husband Chris and twins Jason and Jadelynn.

I am returning after a 2 year leave to teach Earth Science and Biology. This is my 9th year at Oxford.

Saying Goodbye...But "Living the Dream"

Mr. Johnson

I taught at BOCES for 25 years before coming to Oxford to teach the Ag program. After teaching at Oxford for 14 years, I decided to retire and start "Living the Dream!" I spend my days either working with ATV Tractor, helping the Ives family or doing projects around my daughters' homes. Sometimes I can be seen driving with Jerry LeClar to auctions. No matter the day, I keep myself busy.

I miss working with the students and the cafeteria staff, but I am enjoying the "retired life."

Mrs. Pluta

I was in Oxford for 21 years and taught for 15 years before that in Binghamton and Afton. Since retirement I have been able to take many day trips with other recently retired teachers like Sue Franco and Maria Santacrose to Vermont, the Finger Lakes, the Hudson River Valley, Corning Glass Works, Cooperstown and New York City. I, with my family and friends, have just returned from a trip to Disney World and the Capitol One Bowl Game. I have been training for the Disney Princess Marathon which I plan to do at the end of February with my daughter, Chris Pierce and Jenny Davis. At the end of May my husband and I plan to travel to California, put our feet in the Pacific Ocean and then drive back to the Atlantic coast without using any interstate highways. There will be tons of interesting places to see along the way - not to mention all the diners, drive-ins and dives that we can eat at! In a couple of weeks I will be returning to work for a short time as a Guidance Counselor at Greene High School in order to cover a maternity leave for a former Oxford grad - Jessica Robb St. Germaine. It will be fun to be working with high school students again!

Mr. Carey

After teaching 23 years at Oxford I decided to begin a new chapter in my life in West Virginia. Since leaving Oxford I have missed my colleagues and the students very much. When I did not land a new teaching job for the fall, I decided to take some time off to explore other options outside of the teaching field. I've been making repairs and getting my house in Coventry ready for sale and settling in down here. I have gotten to know Route 81 between Binghamton and Martinsburg, WV very well! I have joined facebook and am so glad to be able to be connected with so many of you again. I may have left, but a part of my heart will always be in Oxford.

Boys State

"Boys State has provided me with many tools that show me the direction life should take. It was demanding, stressful, and challenging, but it was also one of the best experiences of my life. I feel that I have a better grasp on real life problems and I am more confident in my actions."
~Kenny Formato

"Boys State was a really eye opening experience. Working among many of my peers from across the state made it an insightful interaction while learning the system of government. Attending Boys State was a really inspiring moment, in which future students should take advantage of."
~John Wonka

Kenny Formato, John Wonka, and Jacob Carr

"Boys State was an eye opening experience for us. It taught us discipline, hard work, and what it means to be a leader among the American people. The week was long and tiresome, but it because of this it was such an awesome experience."
~Jacob Carr

Girls State

"During my junior year of High School, I was nominated to attend Empire Girls State. It was an honor to represent the Oxford American Legion Auxiliary, post 376. I enjoyed learning about the United States Government because I felt like I was becoming a better leader. Under a mock government, all three hundred and sixty girls created bills, voted on these bills, and worked together in campaigns. The flag ceremonies I participated in and observed were breathtaking. I enjoyed the time I spent at Girls State. I became a better leader through this experience. I will apply all that I learned at Girls State in my future."
~Rebecca Allen

Rebecca Allen

NYLC

"I went to Washington D.C. for the National Young Leaders Conference. During the week I met dozens of new people, learned a lot about politics and expanded my knowledge of laws work. Whether it be making them, passing them, or enforcing them, I worked with over two hundred other students to make decisions just like the Senate and House of Representatives would. Along the way we visited many national monuments and museums. It was definitely one of my best experiences during high school because the people were great and the experience was unforgettable."
~ Derick Noetzel

Derick Noetzel

"RYLA was a fantastic experience. I learned valuable leadership skills that I intend to use throughout my life. I will cherish the friends I made there always, keeping them close to my heart. I am a better person because of RYLA and I can't express how hard it was to leave. It was truly a life changing experience."

~Megan Murphy

RYLA

Megan Murphy and Kalah Parks

"To me, RYLA was an incredible experience. I was truly honored to receive that award and I would encourage anyone to go. I met people over a one week period that I will never forget. By attending RYLA, I learned things that really changed my perspective on people and the things they have been through. RYLA was a life changing experience and I don't regret a minute of it."

~Kalah Parks

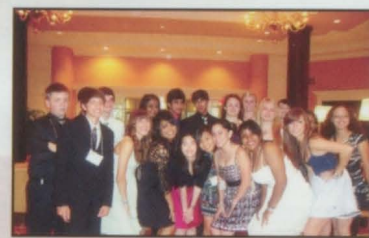

NYLF Med

Kelsey Ayn Davidson

"My time at the National Youth Leadership Forum on Medicine was an amazing experience for me. I was able to spend ten days in Washington D.C. with high school students from all over the country. Not only did I get the opportunity to meet a lot of new people but I learned about the medical field by visiting medical schools and hospitals. I was able to watch a total knee replacement surgery and scrub in on two others. We spent long days learning about different aspects of healthcare professions. I really enjoyed my time at NYLF Med!"

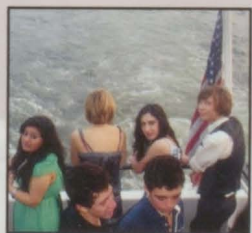

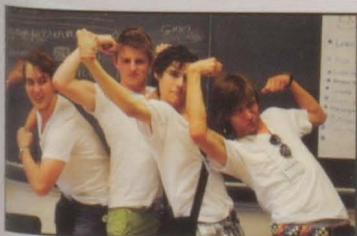

~Kelsey Ayn Davidson

GYLC

"My GYLC experience was incredible. I met scholars from around the world, explored our nation's capitol, and participated in a United Nations simulation in New York City. Learning how our country's government and economy interacts with the rest of the world provided me with valuable knowledge. I made new friends and learned what it means to be part of a global community."

Booker,
 It has been wonderful seeing you so happy these last two years. At times it was difficult getting to that point but we had help from both towns. We realize there is one person who deserves the credit for making it successful - That person is you. You have gone through so much and during it all you never lost your spirit or strength in believing and doing what is right. You have learned and demonstrated that money, power and greed are not as Important as how you treat others. Continue to live life to the fullest. Use the lessons that you have learned these past years that have helped you grow into the respectful young man who has made us proud to be your parents.

Love, Mom & Dad

Attitudes
 Oh! What an attitude!
 I see them in pictures,
 where some people think there is no Gratitude.
 And when they walk, there steps do Talk!
 I see them in faces, "You just don't Understand!"
 But as they look back, all they want is a Command!
 You see them on paper, its only ones Opinion!
 Its enough to make you laugh and cry at the
 same time, like peeling an Onion!

They have written it on walls, And no one ever Listens!
 They just hear what they want, but I just keep on Skipping!
 It's everywhere you look, now its written in my Book!

Oh!, What an Attitude!
 "Just Look At Our Picture!"
 "I Love You"

We are so proud to see you graduate High School. It has been a journey to remember. From Kindergarten, the happiest boy in school to pee wee wrestling & the largest trophy. Pee wee football to varsity football. Go carts to dirt bikes, fishing, skateboarding, snowboarding. You have so many talents and have grown into a fine young man. Follow your heart & go for your dreams. The future is all yours. We will always be here for you. We love you very much.

Mom & Dad

Pumpkin, Jessica

The music is playing, Daddy's at work, you're in school and here I sit with the tears falling because I know how hard it will be to let you go on to your next journey in life. I love you so very much, Booga.

Pumpkin, stay true to yourself and of course, continue to be "Random"

My heart overflows with so much pride and love for you that it seems as though it would burst right out of my chest. You know that your dad and I know you'll continue to push forward because you're a determined and beautiful young lady with a voice to be heard. (Shh! Not too loud) 😊 My wish is for you to be able to smile with ease each and every day no matter how hard times are or how hard you have to work to be successful. I've watched you smile when times were tough in school, so you keep smiling and I'll be smiling right back at you no matter what life brings.

If your dad were here right now he would say, "Hey, Let's go fishing." If Pooh were here she would say, "Hey, Let's go shopping"

Continue to work hard and when someone doubts you---you go and show them that you can and will do whatever you need too.

We Love You,
Always, Mom & Dad

Quincy,

You have grown into a very funny, loving and caring young man.

We are very proud of you. Keep up the good work in college. But have some fun too!

Love,
Dad, Mom,

Josh + Lucas

Dear Jake,
It seems like yesterday when you were just a busy little guy and now you will be graduating from high school soon! We have really enjoyed being there to watch all the things you have done, like your sports, chorus, rock band, musicals, trap shooting...

It's time to start a new chapter in your life at college. We will always be here to help you. We are so proud!

Love,
Mom, Dad & Erica

Ginny,
Can't believe you're 18 and graduating. Always believe in yourself, aim your sights high and know you can do anything you put your mind to. And... always know you are our girl, Ginny. We are very proud.

Blonde hair, blue eyes and a vivid imagination.
Sometimes flighty, others mighty full of determination!
She does her best with the rest trudging through high school.
Praying for grades as innocence fades in the effort to be cool.
Facing challenges in class and sports to be all she can be.
Playing the game making her name for all the world to see.
Now she heads out into the world with all its pain, pleasure and strife.
Now DeAnna's out to conquer a new game, the amazing game of life!

We are so proud of who you've become,
DeAnna!

We have enjoyed so many years of seeing what new creation you would make, listening to you sing, and the anticipation of what you would do next to make us laugh. Now it's time for you to find out just where these gifts will lead you in your future.

We will miss you so much when you go to college, but it helps to know that you will be off making your dreams come true!

*We love you so much Hailey!
Mom, Dad, Hollyann & Amy*

Chelsea, we are so proud of you! We can't believe that you're a senior and about to graduate. To us it seems like only yesterday we were taking you to your first day of kindergarten. We have enjoyed watching you grow and mature into a lovely young woman. Your beautiful smile lights up a room and your wit and humor have made us all laugh to the point of tears many times.

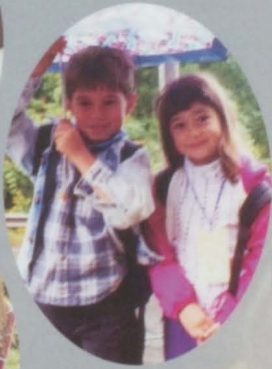

We will miss attending all your school events: the band and chorus concerts, soccer, and volleyball games you played in. Through all these activities you have gained confidence and shown your ability to succeed when you put your mind to it.

You have worked hard to get to this milestone in your life. Remember all you have learned, all your experiences, and all that you have accomplished. This wisdom is your foundation and has prepared you for the next chapter in your life. You are ready... go make your dreams come true!

We wish you all the best as you go off to college next year. Congratulations and good luck!

*All our love,
Mom, Dad, Jessica, and Matthew*

Becky,

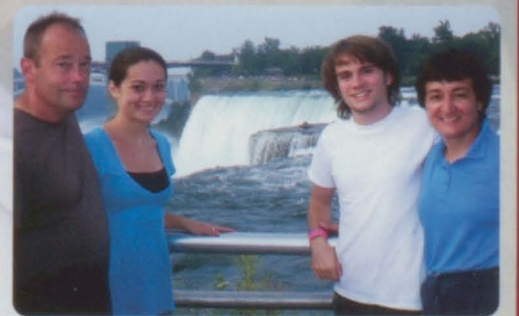

Wow! It's so hard to believe 18 years have flown by and you are a senior ready to graduate. It seems like yesterday you were starting your first day of kindergarten. When you were a little girl you always wanted to grow up and become something special...Well, you did! We are very proud of you. There are no words to express how beautiful you are inside and out. You may be leaving Oxford Academy but it will be the beginning of a new adventure at college. We know you will succeed in your dream to become a teacher one day. You will make an amazing teacher. The next few years will be exciting. Reach for your dreams and remember to take time to enjoy life along the way.

We will always be here for you.

We Love You!

My Beautiful Girl...
You showed me the meaning of unconditional love.
I love you to the Moon and Back...
~Mom~

I hope the days come easy and the moments pass slow
And each road leads you where you want to go
And if you're faced with the choice and you have to choose
I hope you choose the one that means the most to you
And if one door opens to another door closed
I hope you keep on walkin' 'til you find the window
If it's cold outside, show the world the warmth of your smile
But more than anything, more than anything

My wish for you

Is that this life becomes all that you want it to
Your dreams stay big, your worries stay small
You never need to carry more than you can hold
And while you're out there gettin' where you're gettin' to
I hope you know somebody loves you
And wants the same things too
Yeah, this is my wish

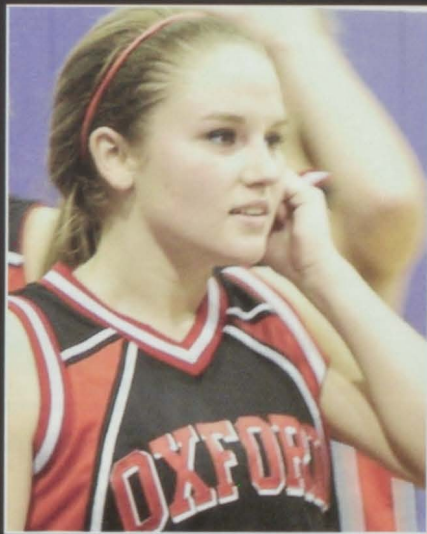

I hope you never look back, but you never forget
All the ones who love you and the place you left
I hope you always forgive and you never regret
And you help somebody every chance you get
Oh, you'd find God's grace in every mistake
And always give more than you take

But more than anything, yeah more than anything
My wish for you

Is that this life becomes all that you want it to
Your dreams stay big, your worries stay small
You never need to carry more than you can hold
And while you're gettin' to where you're gettin' to
I hope you know somebody loves you
And wants the same things too
Yeah, this is my wish for you

& this little piggy... Has A Plan.

Financial planning doesn't suddenly begin when you move out on your own. It's learning about money and how to save it. It's knowing when to borrow, and how to do so wisely. It's learning how to make money work for you, so you don't have to work for money. SFCU can help get you started.

Congratulations CLASS OF 2011

SFCU is behind you every step of the way....
