Rotary Youth

Sarah Hadlock

RYLA stands for Rotary Youth Leadership Awards. Not many people know this. People also don't know what an amazing opportunity it is to go there. RYLA was an experience that left a lasting impression on me and how I will live my life. From the inspirational speakers, hiking, the dance, the talent show, and RYLathon to emotional small group talks and the many friends I made along the way. I will always remember the lessons I have learned and the genuinely good people I met. Go IGoes&Sheep!

Erica Carr

Being chosen to go to the RYLA was an honor. It was an awesome experience and I made a lot of new friends. All of the activities were so much fun and my time there was unforgettable. I would definitely recommend other people to attend such great program.

Leadership Awards

HOBY

(Hugh O'Brien Youth Leadership)

Matthew Moore

My Experience at HOBY was OUTSTANDING! At first I had my doubts, but I'm glad I went. I met many new friends with whom I'm still in contact. Additionally, I learned a lot about leadership; how I can be a leader, and help my friends achieve their potential.

Boys State

Chris Graves

Boys State was a time of pushups, running, political meetings, marching, elections, and frequent spittle projecting from Marines's mouths. I know more about the process of governing a group of people. The best part was setting up our own government. The program gave me great respect for the positions of power that are available in our government and for the people who hold those positions, because the jobs they carry out are vital for the health of their state and country.

Paul Wonka

I want to thank everyone who gave me the opportunity to attend Boys State. I learned a lot about the way our government works, and a lot about human nature along the way. But what really impressed me were the Veterans who spent the week with us. I gained such an appreciation for their service and their love for our country. It was an experience I will never forget.

Brett Hufnagle

Boys State was an experience which allowed me to gain leadership experience and meet some really cool people along the way. It taught me discipline and taught me more respect for the honorable men who defend our country.

Girls State

Michaela Marrone

Being picked to be a part of Empire Girls State was such an honor. I learned so much about the government, and gained a greater understanding of why things work as they do. I also made friends that I will have for the rest of my life. The bond that I share with all the amazing girls I lived with for seven days will never fade, and I will never forget the 33 sisters that I gained. Ross County, this one's for you. <3

Warming up in the goal...

In May 2012 and September 2012, two speakers from Rachel's Challenge, Mr. Scott and Alex Jackson, visited our High School. The program was founded by the family of Rachel Scott, the first student to be killed in the Columbine High School shootings in 1999. During her life, Rachel Scott worked to make the world a better place, and wrote that "if one person can go out of their way to show compassion, then it will start a chain reaction of the same." The speakers passed on Rachel's message of kindness and forgiveness for others. After the assemblies, students signed banners accepting Rachel's Challenge and began a chain of handprints on the cafeteria wall.

Oxford's Peer Mediation program is an informal, voluntary process of problem solving brought about with the assistance of a neutral third party. Oxford's Peer Mediators have been trained by professional mediators so they can lead people to resolutions to their problems more effectively. Peer Mediation is offered to students in conflict as an alternative to detention, and is often more effective at targeting the source of conflict. This program is a service to anyone who thinks that mediation is needed.

Literary Magazine

Oxford Academy has had a Literary Magazine Club for the past ten years. This club is made up of a group of students from 9th through 12th grade who volunteer their time to edit writing submissions of original poetry and prose writing created by high school students. Each year student art work is combined with student writing and the works are published in an annual magazine.

Foreign Exchange Student Justine Likang-Huang

When I first arrived at Oxford, I was so shocked! It is so so different from my city, and the town's population is just like my Taiwan school's population. The most surprising thing is the school. The system is so different. In Taiwan, school starts at 7:30 and goes to 5 in the afternoon. And most of the students will go to "Cram School" from 6:30 to 10 pm everyday. In our minds, we are always "study,study,study." But American school starts at 8:00 and ends at 2:40, and they do sports after that. It's just like a paradise to me!!

I want to thank all the students in Oxford. At first, I'm too shy to talk to anyone, but many people were so friendly. It makes me feel like home, even though they are talking in a foreign language. Without them, I couldn't make it through this year. The most thing I will miss in America is the students in school and my host family. The second is Hershey's chocolate!

I fell in love with the country side already. The life style in Oxford is so relaxed! The best thing is they have so many days off, like many holidays and there are snow days too! I experienced a lot of new things here, like the homecoming dance, volleyball team, bowling team, drama club, track, prom and had my first Sonic. I enjoyed many holidays and traditions of the United States.

I'll definitely come back to Oxford after I graduate from high school in Taiwan.

SO SEE YOU THEN!

Volleyball!

Homecoming!

Bowling!

Darci Jeanne Herrick

From the baby that was named with her great-grandma in mind to the girl that grew up to have her grandma Herrick's temper and feistiness.

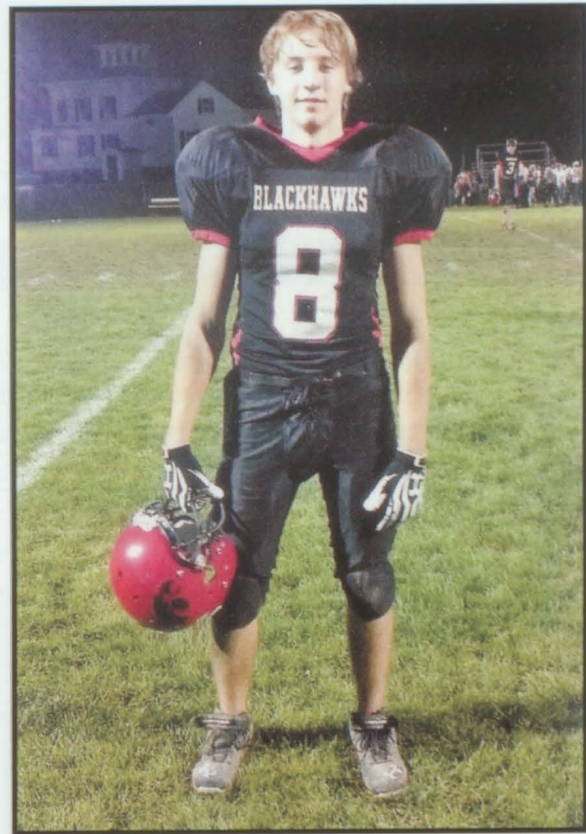

From the shy little girl that didn't talk much to the girl that loves to talk and smile for the camera

From the unhappy girl that was "unsure" of the world around her to the happy outgoing Homecoming Queen.

Congratulations to a wonderful daughter and sister. You have had so many accomplishments already in your life and I'm sure have many more to make in the years to come.

With all our love - Mom, Dad & Dalton

How quickly 17 years go by
my wonderful blond haired son
The dance we share of your childhood
is near to being done

Where did all those yesterdays go
and how did the blue eyes that I love
go from staring up when on my lap
to gazing down at me from above

I look forward to seeing what comes next
cause in the mirror of my pride
stands the bright young man I raised
smiling at my side

Very lucky are the people
that life will bring across your way
Gifts of integrity, gratitude, and humor
will be infused into their day

Remember too that love will follow
in everything you choose to do
We wish you many blessings on your path of healing
and the rest of your journey too...

Love,
Mom & Dad

As the years have flown by we have watched you grow into a beautiful young lady, inside and out. From the warm and cuddly baby days, to the babbling toddler days where you had your own words, like de-de, dinshes, lello be bus, and sparking spot-only to name a few. You always melted our hearts and loved in return. Now you have grown up and have given your heart to one and stole his in return, but you still take the time to be a daughter and friend. I will always treasure the mom and daughter times that we have often shared.

You will soon be leaving our nest to experience new adventures, and we are sure, trying times, but we know you will do well and succeed in your endeavors. Your sensitivity and compassion for animals will take you far as you study to accomplish your ambition of being a Veterinarian Technician. We wish you all the success you deserve and all the happiness that life brings you. Just remember, that no matter what, you will always be my Halfpint.

Love,
